WORK EXPERIENCE

Ally Soft Solutions

Full Stack Developer Intern

Nov 2024 - Dec 2024

- Collaborated on developing and enhancing web applications with MySQL and Sequelize ORM for efficient database management.
- Built RESTful APIs using Node.js and Express.js, integrating Sequelize for database interactions.
- Designed user-friendly interfaces with React.js and Ant Design (AntD).
- Collaborated on code reviews, bug fixes, and deployment throughout the development lifecycle.
- Gained hands-on experience in full stack development, focusing on backend and frontend consistency.

EDUCATION

RK University

Bachelor of Technology in Computer Engineering - 8.47

2022 - Pursuing

Virani High School

Higher Secondary Certificate (HSC) - 63.69

2021 - 2022

Secondary School Certificate (SSC) - 77.16

2019 - 2020

PROJECT

Budget Tracker [↗](#)

- A full-stack web app to track income, expenses, and total balance, with a Doughnut chart for visual insights.
- Implements JWT-based authentication to ensure personalized and secure access.
- Utilizes MongoDB for database management and Axios for seamless API interactions between front-end and back-end.

iEducation [↗](#)

- A fully functional e-learning platform with courses, quizzes, and interactive learning experiences.
- Admin Panel Manages courses, users, and quizzes, with a review and rating system for feedback.
- Razorpay-powered secure payments for access quizzes and receive certificates upon completion.

TextUtils [↗](#)

- A text manipulation tool built with React.js, offering features like text conversion (uppercase/lowercase), word and character count, removing extra spaces, copy text, clear inputs, and text preview.
- Implemented a feature to listen to the text you write.
- Switch between light and dark themes for better readability.

SKILLS

- **Front-end:** HTML, CSS, JavaScript, Typescript, React, Bootstrap, Tailwind CSS, Antd
- **Back-end:** Node.js, Express.js, RESTful API, PHP
- **Database:** MongoDB, MySQL
- **Tools:** Github

CERTIFICATE

- The Joy of Computing Using Python
- Foundational C# with Microsoft
- Software Engineering
